Italiaans printbeton heeft de verwerkbaarheid van beton en transformeert het in een oppervlak vol van esthetische aantrekkingskracht door het herscheppen van de natuurlijke schoonheid van steen, keramiek, baksteen en zelfs hout. Bovendien is het uiterst veelzijdig. U kunt kiezen uit een breed scala aan patronen, vormen en kleuren voor het verkrijgen van de perfecte oplossing die bij u past.

Ideal Work stamped concrete maintains the practicality of concrete yet transforms it into a surface full of aesthetic appeal by recreating the natural beauty of stone, rock, ceramic, brick and even wood. This extremely versatile system allows you to choose from a vast array of patterns and colours to obtain the perfect solution that suits your needs.

Le béton imprimé Ideal work maintient les caractéristiques du béton et le transforme en matière noble, qui recrée la beauté naturelle de la pierre, de la roche, de la céramique, de la brique et même du bois. Il est, entre autres, extrêmement éclectique, offrant ainsi un large choix de formes et de couleurs, pour obtenir la solution faite pour vous.

VORSTELIJK WONEN

New living with beautiful surfaces / Belles surfaces à vivre

athens

Colour hardener: Bianco
Release agent/Démoulant: Antracite
Stampo/Stamp/Matrix: Ashlar cut slate

Ideaal voor het renoveren van bestaande of het creëren van nieuwe vloeren. Met printbeton verkrijgt u niet alleen een zeer innovatieve bestrating, maar het is ook geweldig om op te leven! De uitzonderlijke esthetische aantrekkingskracht, het schilderachtige effect en het grote gebruiksgemak maken het de perfecte bestrating. Dit is vorstelijk wonen ! Niet alleen voor de particuliere woningmarkt, maar ook voor wegen, openbare pleinen, fietspaden, trottoirs, voetgangerszones, winkelcentra, hotels, vakantie- en pretparken.

Ideal for renovating existing or creating new floors and external hardscapes, stamped concrete allows you to achieve surfaces that are not only highly innovative but great to live with. The exceptional aesthetic appeal and great practicality make it perfect not only for private homes but also for roads, public squares, cycle paths, pavements, pedestrian areas, shopping malls, hotels, camping grounds and theme parks.

Idéal pour rénover des surfaces existantes ou pour en réaliser de nouvelles, le béton imprimé rend les surfaces non seulement innovantes, mais aussi belles à vivre. Le très beau rendu et la praticité en font le revêtement idéal pour les habitations privées mais aussi les routes, les places, les pistes cyclables, les trottoirs, les zones piétonnes, les centres commerciaux, les hôtels, les campings et parcs d'attractions.

ALS DUURZAAMHEID VEREIST IS

When the going gets tough / Quand les choses se corsent

Colour hardener: Bianco
 Release agent/Démoulant: Antracite
 Stampo/Stamp/Matrice: Stone of Athens
 Greca/Border/Friser: Bushed border
 Ideal stain: Ebony

Gestempeld printbeton weerstaat elke atmosferische stof en alle thermische spanningen. Dankzij zijn monolithische structuur, is niet onderworpen aan verzakkingen of zetting. Het is gemakkelijk te reinigen en te onderhouden, is anti-schimmel, anti-stof, anti-slip en bestand tegen slijtage en schuren. Als duurzaamheid vereist is haalt gestempeld printbeton het beste uit zichzelf.

Ideal Work stamped concrete resists every atmospheric agent and thermal differences and, thanks to its monolithic structure, is not subject to sinking or settling. It is easy to clean and maintain, is anti-mould, anti-dust and particularly resistant to slip, wear and tear and abrasion. When the going gets tough, stamped concrete brings out the best in itself.

Le béton imprimé Ideal Work résiste à n'importe quel agent atmosphérique et aux écarts de température de par sa structure monolithique, il ne risque pas de se tasser ni de s'affaisser. Il est également facile à entretenir. Traité anti-moisissure, antidérapant, il est particulièrement résistant à l'usure et à l'abrasion. Quand les choses se corsent, le béton imprimé donne le meilleur de lui-même.
